¹ Providers are not required to accept CareFirst's allowed benefit on non-covered services. This means you may have to pay your dentist's entire billed amount for these non-covered services. At your dentist's discretion, they may choose to accept the CareFirst allowed benefit, but are not required to do so. Please talk with your dentist about your cost for any dental services.

² CareFirst payments are based upon the CareFirst allowed benefit. Participating and preferred dentists accept 100% of the CareFirst allowed benefit as payment in full for covered services. Non-participating dentists may bill the members for the difference between the allowed benefit and their charges. This means you may have to pay your dentist's entire billed amount for non-covered services. At your dentist's discretion, they may choose to accept the CareFirst allowed benefit, but are not required to do so. Please talk with your dentist about your cost for any dental services.

³ Family deductible—no member will be charged more than the individual deductible amount. Once the family deductible has been met, then all members on the policy have met their deductible. In-network and out-of-network deductibles will be separate amounts.
