

# New for 2023: 100-Day Prescription Refills

As of January 1, 2023, CareFirst BlueCross BlueShield (CareFirst) members who are enrolled in Medicare Advantage Core and Enhanced plans are eligible to receive 100-day supplies of Tier 1 (Preferred Generic) medication. The 100-day supply is available for the same copay as a 30-day supply as part of their insurance benefit—saving them 70% annually.

## What are the advantages of a 100-day prescription?

100-day prescriptions offer a number of advantages, including:

- Better medication adherence
- Greater member savings
- Improved medication access
- Higher member satisfaction

To see if a medication is available for a 100-day refill, use the [MAPD Formulary tool](#). To find a network pharmacy, use the [MAPD Pharmacy Locator tool](#).

To take advantage of this new benefit, members simply need to ask their doctor to request a 100-day supply for Tier 1 drugs with their next prescription.

**If you have questions regarding 100-day prescriptions, feel free to contact us at 844-257-4621.**
