³ Standard with all Medicare Supplement plans.

Original Medicare does not cover everything and leaves you with what is called a “coverage gap.” Without a Medicare Supplement plan, it’s up to you to pay all the healthcare costs that fall into that gap—including Medicare deductibles, copays, and even 20% of all medical and hospital costs. CareFirst MedPlus plans fill those gaps. With seven plans to choose from, we have a plan to meet your needs.

Free 24/7 nurse advice line.

If you are unable to reach your doctor or need help after hours, registered nurses are available to take your call and provide assistance.

Plans to meet your budget

We offer a selection of plans at competitive rates and multiple member discounts are available on all seven MedPlus plans.

- **Household discount.** If you live with someone who is enrolled in a MedPlus plan, you will receive a 10% discount off the monthly premium when you enroll. The MedPlus member living with you will also get a 10% discount when they renew their MedPlus coverage. (Discount applies to two actively enrolled CareFirst MedPlus members.)

Understanding Your Medicare Options

Medicare, which consists of Part A (hospital) and Part B (medical) and is commonly referred to as Original Medicare, was never designed to cover all of your healthcare expenses. With Medicare alone, you could be responsible for thousands of dollars in copays and deductibles.

Purchasing additional insurance is an important decision. You have two main options—Medicare Supplement, also known as Medigap, and Medicare Advantage plans.*

Medicare Supplement plans are designed to supplement Original Medicare by paying for the health care costs—the gaps in coverage—that Original Medicare doesn't pay, such as the costs below. Medicare will pay its share first and then your Medicare Supplement plan will pay its share.

Medicare Part A

You are responsible for the deductible of \$1,676 for each benefit period.

Coverage includes your hospital stays and other medical facility costs including:

- Inpatient care in hospitals
- Skilled nursing facility care
- Hospice care
- Home health care

Medicare Part B

You are responsible for the yearly deductible of \$257. After your deductible is met, you typically pay 20% of the Medicare-approved amounts for the following:

- Most doctor services (including doctor services you receive while you're hospitalized)
- Outpatient therapy
- Durable medical equipment

** You cannot be enrolled in both a Medicare Supplement plan and a Medicare Advantage plan.*

Medicare Supplement plans are:

Flexible

- Select your own doctors and hospitals, as long as they accept Medicare
- See specialists without referrals
- Have the same coverage when you're traveling throughout the U.S.

Simple

- Pay your monthly premium and your out-of-pocket costs, like copays and deductibles, are limited
- Know what you're going to pay before you visit the doctor or receive care

An alternative to Original Medicare and a Medicare Supplement plan is Medicare Advantage (MA), also referred to as Medicare Part C. Rather than supplementing Medicare like a Medicare Supplement plan, MA plans provide all of your Part A (hospital) and Part B (medical) coverage. Some plans also include prescription drug (Medicare Part D) coverage.

MA plans often have restricted networks. This means individuals in an MA plan must receive care from that plan's network of doctors and hospitals and referrals may be required to see a specialist. Coverage when you travel is limited to emergency care only. While these plans may have low monthly premiums, you may be required to pay deductibles, copays and/or coinsurance when you use services. Enrollment in an MA plan is restricted to certain times of the year, unless you have become eligible for Medicare for the first time.

Original Medicare doesn't cover it all

It's important to pick a plan that works for your budget and your needs. The chart below shows the possible out-of-pocket costs of an individual staying in the hospital a full 150 consecutive days as an inpatient within the same benefit period.*

Hospital Stay	With Original Medicare Part A (Hospital) Only, You Pay	With CareFirst MedPlus Plan G, You Pay
Days 1-60	\$1,676 Part A deductible	\$0
Days 61-90	\$12,570 \$419 copay x 30 days	\$0
Days 91-150**	\$50,280 \$838 copay x 60 days	\$0
A 150-day hospitalization would cost you:		
	\$64,526 With Medicare Part A	\$0 With CareFirst Plan G

**Medicare Lifetime Reserve Days

Medicare provides coverage for at least 90 days of consecutive inpatient hospitalization after you've paid your Medicare deductibles and copays. You are limited to a total of 60 additional days of hospitalization coverage in your lifetime to be used if your initial inpatient hospitalization extends beyond 90 days. These 60 additional days are called lifetime reserve days.

With a Medicare Supplement plan, you would be covered for an additional 365 days after you use all of your lifetime reserve days.

**A benefit period begins the day you're admitted as an inpatient in a hospital or skilled nursing facility (SNF). The benefit period ends when you haven't received any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a SNF after one benefit period has ended, a new benefit period begins. You must pay the inpatient hospital deductible for each benefit period. There's no limit to the number of benefit periods.
Dollar amounts shown are the 2025 deductibles, copayment and coinsurance.*

Plan Options

Having Original Medicare alone could leave you with gaps in coverage and cost you thousands of dollars in health care costs each year. Purchasing a Medicare Supplement plan will cover the gaps in your Medicare coverage. You can pick from any of the seven plans listed below. See the comparison chart on pages 14–15 to compare plan options.

MedPlus Plan G

Our plan with the most comprehensive coverage and lowest out-of-pocket costs

With this plan, after you meet your \$257 Part B deductible, your medical copayments and coinsurance are covered 100% by your plan. When traveling in a foreign country,² your emergency care is covered.

MedPlus High-Deductible Plan G

Our plan with the lowest monthly premium

After you meet your \$2,870 plan deductible and \$257 Part B deductible, your hospital and medical copayments and coinsurance are covered 100% by your plan. When traveling in a foreign country,² your emergency care is covered, as well as skilled nursing facility care coinsurance.

MedPlus Plan N

This plan covers your Part A deductible, but you are responsible for the \$257 Medicare Part B deductible and a small copay for office and emergency room visits. When traveling in a foreign country,² your emergency care is covered.

Balance Billing Protection—If you see a doctor who does not accept Medicare's reimbursement as payment in full for services (some doctors charge up to 15% more than Medicare allows), Plan G and High-Deductible Plan G will cover these extra charges.

See detailed benefits and rates in the Outline of Coverage beginning on page 23.

¹ Medicare Part A and Part B deductibles are established by Medicare.

² Medicare Supplement plans pay up to 80% of billed charges for Medicare-eligible expenses for emergency care received during the first 60 consecutive days of each trip outside the United States. The plan payment is subject to a calendar year deductible of \$250 and a lifetime maximum benefit of \$50,000.

MedPlus Plan M

This plan covers half of your Part A deductible—you will be responsible for \$838. After you meet your annual \$257 Part B deductible and Part A deductible, your hospital and medical copayments and coinsurance are covered 100% by your plan. When traveling in a foreign country,² your emergency care is covered, as well as skilled nursing facility care coinsurance.

MedPlus Plan L

With this plan, you are responsible for 25% of your Part A deductible—\$419. Your out-of-pocket expenses will not exceed \$3,610 each year.

MedPlus Plan B

This plan covers all of your \$1,676 Part A deductible. Once you meet your \$257 Part B deductible, your hospital and medical copayments and coinsurance are covered 100% by your plan.

MedPlus Plan A

After you meet your annual \$257 Part B deductible and \$1,676 Part A deductible, your hospital and medical copayments and coinsurance are covered 100% by your plan.

If you were newly eligible for Medicare prior to January 1, 2020, you may have additional plan options to choose from. Call CareFirst to learn more.

What is not covered?

Medicare Supplement policies are designed to work hand-in-hand with the federal Medicare program. They are not intended to be classified as long-term care policies and do not pay for most custodial care. Medicare Supplement plans do not cover expenses for services and items excluded from coverage under Medicare, or expenses for services and items that would duplicate Medicare payments.

Prescription drug coverage, or Medicare Part D, is not included in any CareFirst MedPlus Medicare Supplement plan.

Coverage is available on a guaranteed issue basis

Your acceptance into one of CareFirst's seven Medicare Supplement plans is guaranteed with no review of your medical history if:

- You are within six months* of your Medicare Part B effective date (Open Enrollment)
- You are in a Guaranteed Issue Period (please refer to the Additional Information section located in the back of this book)

And—you automatically receive our lowest Level 1 premiums!

The policies may have exclusions, limitations or terms under which the policy may be continued in force or discontinued. For costs and complete details of the coverage, call your insurance agent or CareFirst.

¹ Medicare Part A and Part B deductibles are established by Medicare.

² Medicare Supplement plans pay up to 80% of billed charges for Medicare-eligible expenses for emergency care received during the first 60 consecutive days of each trip outside the United States. The plan payment is subject to a calendar year deductible of \$250 and a lifetime maximum benefit of \$50,000.

Coverage is available on an underwritten basis

If you are more than six months past your Medicare Part B effective date (Open Enrollment) and are NOT applying during a Guaranteed Issue Period, you will need to answer questions regarding your medical history on the enclosed application, DCMEDPLUSAPP (6/19). This assessment will determine your acceptance and the premium you will receive. By missing the six-month Open Enrollment you are at risk of receiving more expensive monthly premiums. Please refer to the Outline of Coverage in this book for current pricing.

You risk nothing by applying today and you'll be under no further obligation if you're not satisfied with the coverage described.

Switching plans

- If you're switching your coverage, Medicare will give you full credit for every dollar you've already spent toward your Medicare Part B deductible.
- You may be subject to a review of your medical history through medical underwriting if you are outside of your Open Enrollment or Guaranteed Issue Period.

Note: ✓ means 100% of the benefit is paid.

¹ Plans F and G also have a high deductible option which require first paying a plan deductible of \$2,870 before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible Plan G does not cover the Medicare Part B deductible. However, high deductible Plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible.

² Plans K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit.

³ Plan N pays 100% of the Part B coinsurance, except for a copayment of up to \$20 for some office visits and up to a \$50 copayment for emergency room visits that do not result in an inpatient admission.

CareFirst MedPlus

Medicare Supplement Outline of Coverage

Premium information

CareFirst MedPlus can only raise your premiums if we raise the premiums for all policies like yours in your geographical region of your state.

Under Medicare supplement policies **A, B, F, High-Deductible F, N, G, High-Deductible G, L and M**, which use attained age rating, premiums automatically increase as you get older. You can expect your premiums to increase each year due to changes in age. We reserve the right to adjust premiums on your renewal.

The rate increase will be effective on the first of the policy renewal month. The policy renewal month means the month in which the policy becomes effective and each subsequent anniversary of that month. If the change from one age to another occurs prior to the policy renewal month, the rate increase will not be effective until the first of the policy renewal month. You will be notified of any rate increase at least 45 days prior to the date that a premium increase becomes effective.

Only applicants who are eligible for Medicare before January 1, 2020 may purchase Plans F and High-Deductible Plan F.

Disclosures

Use this outline to compare benefits and premiums among policies.

This outline shows benefits and premiums of policies sold for effective dates on or after January 1, 2025. Policies sold for effective dates prior to January 1, 2025 have different benefits.

Read your policy very carefully

This is only an outline describing your policy's most important features. The policy is your insurance contract. You must read the policy itself to understand all of the rights and duties of both you and your insurance company.

Right to return policy

If you find that you are not satisfied with your policy, you may return it to:

**First Care, Inc.
d/b/a CareFirst MedPlus
Individual Market Division
10800 Red Run Boulevard, RRE-375
Owings Mills, MD 21117**

If you send the policy back to us within 30 days after you receive it, we will treat the policy as if it had never been issued and return all of your payments.

Policy replacement

If you are replacing another health insurance policy, do NOT cancel it until you have actually received your new policy and are sure you want to keep it.

Notice

This policy may not fully cover all of your medical costs. Neither CareFirst MedPlus nor its agents are connected with Medicare. This outline of coverage does not give all the details of Medicare coverage. Contact your local Social Security Office or consult *Medicare and You* for more details.

Complete answers are very important

When you fill out the application for your new policy, be sure to answer truthfully and completely all questions about your medical and health history. The company may cancel your policy and refuse to pay any claims if you leave out or falsify important medical information.

Review the application carefully before you sign it. Be certain that all information has been properly recorded.

What Will My Premiums Be?

Premiums are based on:

- Your gender
- Your age when coverage becomes effective

- Whether you are in a Guaranteed Issue Period
- The plan you select
- Your tobacco use (ONLY if you are applying more than six months past your Medicare Part B effective date and are not applying during a Guaranteed Issue Period)
- A review of your medical history through medical underwriting (ONLY if you are applying more than six months past your Medicare Part B effective date and are not applying during a Guaranteed Issue Period)
- Your payment option—you'll receive \$2 off monthly or \$24 annually if you:
 - Elect automated premium payments via bank withdrawal or credit card payment **OR**

Please note

Are you applying within six months of your Medicare Part B Effective Date (Open Enrollment) or during a Guaranteed Issue Period?

- The Level 1 Rate applies and is dependent on the plan you select, your age and gender. You are not required to answer any health or tobacco use questions found in Section 4 of the application. The tobacco use and health screening questions will not be used in determining your rate.

Are you applying more than six months past your Medicare Part B Effective Date (Open Enrollment) and are not applying during a Guaranteed Issue Period?

- Your medical history will be reviewed (medical underwriting). If you pass medical underwriting, you will receive a Level 1, Level 2 or Level 3 Rate, depending on review of your medical history information. Your rate will also be based on the plan you select, your age, gender and tobacco use.

What Will My Premiums Be? *(continued)*

You are eligible to receive the lowest preferred rate as long as you apply within six months of your Medicare Part B effective date (Open Enrollment) or during a Guaranteed Issue Period. Rates for individuals applying outside of these periods are based on the results of medical underwriting.

Please note: Level 2 and 3 rates will be higher than Level 1 rates.

	Guaranteed Issue Period
If you apply within six months of your Medicare Part B effective date, or during a Guaranteed Issue Period, you will receive:	Level 1 Rate

Example: Mary is 67 years old. Her Medicare Part B effective date is February 1, 2025, as found on her red, white and blue Medicare identification card. She is applying for Medicare Supplement Plan G coverage on March 1, 2025, which is within six months of her Medicare Part B effective date. Because this is her Open Enrollment Period, Mary gets a Level 1 Rate of \$190.75, and tobacco use and health screening questions are not used in determining her rate.

	Rates Based on Tobacco Use and Review of Medical History
If you apply over six months and less than 10 years past your Medicare Part B effective date, and are not applying during a Guaranteed Issue Period, you could receive:	Level 1 (only eligible for Non-Tobacco users) Level 2 Tobacco or Non-Tobacco Rate Level 3 Tobacco or Non-Tobacco Rate Denial, based on review of medical history

	Rates Based on Tobacco Use and Review of Medical History
If you apply 10 years or more past your Medicare Part B effective date, and are not applying during a Guaranteed Issue Period, you could receive:	Level 2 Tobacco or Non-Tobacco Rate Level 3 Tobacco or Non-Tobacco Rate Denial, based on review of medical history

Rates displayed are for the 2025 plan year and are subject to change. The rates in this book are specifically for individuals residing in Washington, D.C.

CareFirst MedPlus: Level 1, Female Rates

If you are applying within six months of your Medicare Part B effective date (Open Enrollment) or during a Guaranteed Issue Period, the Level 1 Rate applies and is dependent on the plan you select, your age and gender. You are not required to answer any health or tobacco use questions found in Section 4 of the application. Therefore, tobacco use and health screening questions will not be used in determining your rate.

If you are applying between seven months and 10 years past your Medicare Part B effective date, then your Level 1 Rate eligibility will depend on tobacco status and health evaluation.

You can receive a 10% discount if you reside with someone who is also actively enrolled in a CareFirst MedPlus plan. You can also receive a discount of \$2 off your monthly rate or \$24 off your annual rate if you elect automated payment via bank withdrawal or credit card payment; or elect the annual payment option. See Section 6 of your application.

SECTION 5. PAST AND CURRENT COVERAGE

Please review the statements below, then answer all questions to the best of your knowledge.

- You do not need more than one Medicare Supplement insurance policy.
- If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.
- You may be eligible for benefits under Medicaid and may not need a Medicare Supplement policy.
- If, after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare Supplement policy can be suspended for 24 months, if requested, during your entitlement to benefits under Medicaid. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your suspended Medicare Supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstituted if requested within 90 days of losing Medicaid eligibility. If the Medicare Supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.
- If you are eligible for, and have enrolled in, a Medicare Supplement policy by reason of disability, and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare Supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare Supplement policy under these circumstances, and later lose your employer or union-based group health plan, your suspended Medicare Supplement policy (or if that policy is no longer available, a substantially equivalent policy) will be reinstituted if requested within 90 days of losing your employer or union-based group health plan. If the Medicare Supplement policy provided coverage for outpatient prescription drugs, and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.
- Counseling services may be available in your state to provide advice concerning your purchase of Medicare Supplement insurance and medical assistance through the state Medicaid program, including benefits through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

For your protection, you are required to answer all of the questions below (5A through 5M).

Please Note: If you lost or are losing other health insurance coverage, and received a notice from your prior insurer saying you were eligible for guaranteed issue of a Medicare Supplement insurance policy, or that you had certain rights to buy such a policy, you may be guaranteed acceptance in one or more of our Medicare Supplement plans. Please include a copy of the notice from your prior insurer with your enrollment form.
