## CareFirst Announces New BlueDental EPO for Groups

CareFirst BlueCross BlueShield is pleased to announce the launch of BlueDental EPO to complement our suite of group dental products. This product is currently not offered in the Individual market.

BlueDental EPO is available to quote for groups:

- Small Group (2-50) accounts effective on or after June 1, 2019 and
- Large Group (51+) accounts effective on or after July 1, 2019

### About BlueDental EPO

BlueDental EPO gives members access to the same national network as all CareFirst BlueDental plans and offers comprehensive coverage with predictable copays for in-network providers. Many preventive services like cleanings and X-rays are fully covered without a deductible. Since BlueDental EPO provides in-network only benefits, referrals are not required and there are no claim forms to fill out—making it a simple way for members to receive quality care.

### Top 3 key points

1. Access to one of the largest national networks, including 123,000 unique providers and 300,000 access points nationwide (same as all CareFirst BlueDental plans)
2. Comprehensive coverage for a lower premium, making dental care more affordable
3. Predictable copays for each service and most preventive services covered at no cost

To help inform your clients about our exciting new product offering, we have developed this [flier](#) outlining the features and benefits of BlueDental EPO. Our product portfolios will be updated shortly with the new plan.
