

For brokers and producers only

Date: August 22, 2019

Market: All D.C. fully insured business, including grandfathered plans

D.C. Breast Density Screening and Notification Amendment - Effective July 1, 2019

Mandate summary (DC B22-960)

Starting July 1, 2019, health insurers are required to:

- Provide coverage for 3D mammograms as a baseline annual screening.
- Provide coverage for MRI and ultrasound screening with zero cost share for the member if,
 - the patient receives a Class “C” or Class “D” breast density classification, or
 - the woman is believed to be at risk due to family or personal history, prior injury, or positive genetic testing.

Effective date and impacted business

July 1, 2019, for existing and new D.C. fully insured business.
